

Overview:

Lake Macquarie Libraries use a service called Eventbrite to provide online booking and ticketing for our events. This allows library patrons to book and pay for event tickets online using your credit card, and print your tickets at home. Library events that are ticketed (either free or paid) will have a ticket selection window on the event web page that allows you to choose your tickets.

The Booking Process:

All events are listed on the Events page of the library website at: www.library.lakemac.com.au

1. Click on the Events tab to list upcoming events or search for the event by keyword. Click on the event name to view its details.
2. Ticketed events will display the number of tickets available and price (if applicable). Select the number of tickets required from the **Quantity** drop down box and click **Order Now**.
